RE: Revised PM_{2.5} Project Conformity Interagency Consultation

Below is a list of project sponsors who completed the initial steps of the project level conformity process and now seek interagency consultation from the Air Quality Conformity Task Force to determine whether their projects are deemed a Project of Air Quality Concern.

No.	Project Sponsor	Project Title
1	City of Brentwood	Traffic Signal on American Avenue near Heritage High School
2	Alameda County Transportation Commission	I-580 Westbound HOV Lanes
3	Alameda County Transportation Commission	I-880 Southbound HOV Lanes
4	Metropolitan Transportation Commission	Freeway Performance Initiative

Attachment A includes descriptions of the above projects and their corresponding project assessment form.

Additionally, MTC requests the review and concurrence from the Air Quality Conformity Task Force on a set of projects that project sponsors have identified as exempt and likely not to be a POAQC. **Attachment B** lists these exempt projects.
